RE: Mining operations on ML-27374

Dear Mr. Nelson:

A field inspection of this State section on September 18, 1979, indicated that mining activities had commenced at this site. You are required under the Mined Land Reclamation Act, Title 40-8 et. seq., U.C.A. to file a mining and reclamation plan and to receive approval and post a bond prior to conducting operations.

Before proceeding further, you are required to comply with the Act. Failure to comply within 30 days will result in a hearing before the Board of Oil, Gas and Mining. Please contact me should there be any questions.

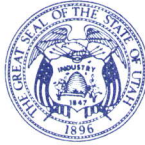

Sincerely,

MARY ANN WRIGHT
